You may change the number of players and the number of holes at anytime during the booking process, as long as the desired number is available.

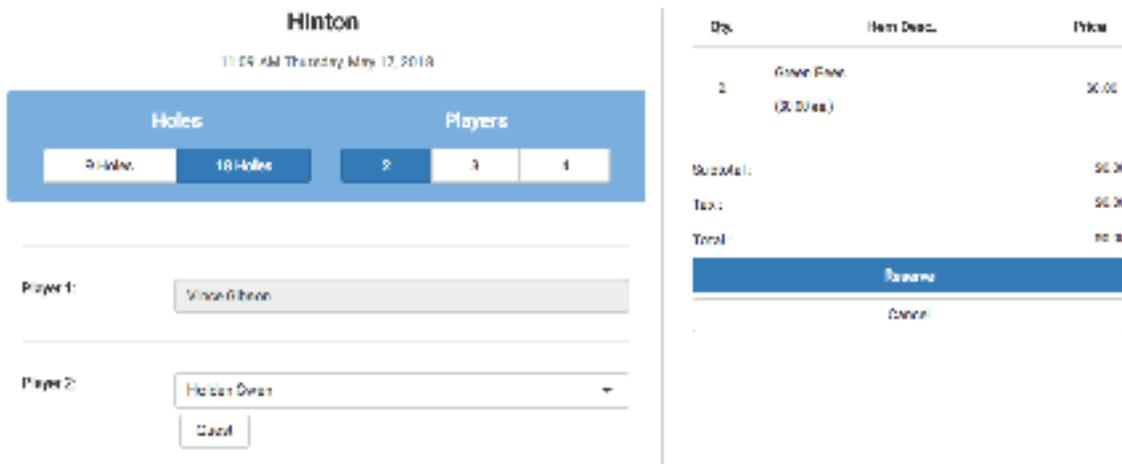

5. To indicate who you are playing with there are two options:

 - Click the drop down arrow beside each player # and select a name from your 10 most recent playing partners.

or

 - Click the Guest button for players not listed in your drop down or if you are not certain who is playing with you.

**If you know who is playing with you please make the booking using the players names if they are in your top 10. This helps us check you in at the golf shop and gets you to the tee faster.

6. Once you have selected your players, then a green fee rate will show. This rate is based on the players that you have registered and the time of day you have selected. (Members will show $0.00) You will not be charged anything at the time of booking. When you check in at the golf shop on the day of play each player name can be adjusted and the appropriate rates charged.

7. Click Reserve to complete your booking.

8. You will see a confirmation screen and you will have an email confirmation delivered to your inbox.

9. If you have reserved anything in error you can log in again and edit or cancel your booking up to 60 minutes in advance of your tee time. If your tee time is within the next 60 minutes please call the golf shop at 780-865-2904 to make any changes.
